

“Zwitter” 8 x conc. HE & Low Foaming Laundry Marine, RV ----- Home & Cottage Septic Specific

TECHNICAL DATA SHEET

This one liter bottle will do 100 regular loads(1/2 cap) and 75 extra-large loads(3/4 cap) If too much is used by accident like 2 caps for a regular load the foaming on discharge foam is still minimal and will not adverse effects on discharge. -- Anti-foam is built into product.

The lowest carbon foot print concept. Forget about all that ECO, Natural, Earth friendly stuff-----Reduce and Conserve
The Carbon foot print is very important with governmental agencies already with carbon taxes already being put into place. Staying in theme this product is at maximum concentration and in a square bottle this reduces fuel usage in shipping, handling, storage and recycling. PET plastic bottle was picked as the most recycled plastic in the world. This is the way of the future

Zwitterionic works for all regular machines and with high efficiency laundry units, cold water, warm and hot; you will also find that because of quality ingredients used it does not leave residue, leading to that musty smell common with other brands. (That you have to buy special cleaners for after.)

Points -----Kosher
